Dear Parents of Primary 5 Students

### Primary 5 Assessment Plan

Assessment is an integral part of teaching and learning. It provides meaningful feedback on how students are achieving specific learning outcomes and assist students in taking ownership of their learning. Assessment helps to monitor students' progress, identify their strengths and weaknesses, and facilitate the planning of instructional packages to improve teaching and learning.

The weighted assessment for the students will take place at different junctures in the year. The assessment weighting for each subject is as follows:

Term	Term 1	Term 2	Term 3	Term 4
<b>Weighting</b>	10%	10%	10%	70%

Details on the weighted assessment items will be given to parents at the beginning of each term through letters to parents such as this one. Subject specific details for the weighted assessment in **Term 1** are found below.

As the assessment items listed above are weighted and counted towards the overall marks at the end of the year, do note that a **valid Medical Certificate (MC)** from qualified medical practitioners registered with the Singapore Medical Council is needed if your child is absent from school on the afore-mentioned dates. Students on MC are to rest at home and fully recover before returning to school.

If your child is absent and does not have a valid medical certificate, he/she will be awarded **“0” mark** for the particular assessment item.

Please also note that students who are late without a valid reason on the day of assessment will not be given extra time. The student will submit the assessment at the same time as the rest of the students sitting for the assessment in the classrooms.

If you have further queries, please feel free to contact your child’s Form Teacher.

Thank you for your continued support in your child’s learning.

Yours sincerely

Mr Shoeb Burhanuddin  
 Vice-Principal (Academic)
